

Key Points: 4 Thornton Drive, Thornlands

- * Lake is stocked with fish to fish in along with eels and turtles, not to mention the ducklings and the gorgeous fountain.
- * I believe there is a security system, haven't used it because we have pets that would set it off.
- * A secure dog yard, which i believe is now a council regulation in this area that all dog owners need to have.
- * Main Bedroom is located away from other bedrooms.
- * Many different living areas.
- * Surround Sound for the lounge room, as well as outdoor speakers in the large entertaining area.
- * The kitchen is absolutely gorgeous with huge granite island bench and inbuilt coffee machine and Mille appliances and plumbed in fridge.
- * Double gate side access so you can drive vehicles straight down the back to double lock up garage with carport.
- * Second driveway with room for two trucks and trailers.
- * No building envelope on property, so can use all your land to build on.
- * All the pool equipment has been upgraded.
